

# HD1 – Jai Lafferty 101610772

---

**The D Repo can be found at:** <https://github.com/CreDataDrivMobApp/task-d-JaiLaff>

The HD report will be written from a **Design Communication Perspective**. I will be discussing the required Class Diagram, Navigation Model and Data model. I'd like to also touch on the limitations of the APIs in relation to internet speed and how that was handled.
